Konoba Mate

Welcome to Konoba Mate, a cozy and charming family-run tavern that has been welcoming guests since the year 2000. As soon as you enter, you'll be greeted by the warm and inviting atmosphere that comes from the love and care we put into everything we do.

Mirjana, the heart and soul of our kitchen, is a true culinary artist who uses her passion and experience to create traditional dishes that will make your taste buds sing. Mate, the patriarch of our family, is a man of the land who takes care of the farm and the livestock, ensuring that everything we serve is fresh and of the highest quality.

Biljana, our very own magician, will enchant you with her delicious and imaginative desserts, combining the flavors of the season with the aromatic plants we grow ourselves. Together, Mirjana and Biljana create a culinary experience that will take you back to your childhood, a time when food was prepared with love and care.

Ana, our natural-born farming girl, is the guardian of our land, ensuring that everything we grow is done in an ecologically responsible way. We use only what nature gives us, making sure to give back and preserve the beauty of our island for future generations.

And when you're ready to relax and soak up the sun, head down to the greenest and most secluded bay on our island, where Matij will serve you refreshing natural syrups or cold beer in beach bar M.A.T.E., at the magnificent Pupnatska Luka Bay. Only a short drive from the village, this

hidden gem is a true masterpiece of nature that will take your breath away.

At Konoba Mate, we're more than just a tavern. We're a family that welcomes you with open arms and treats you like one of our own. Because, if you are reading this – you are! Thank you for joining us, we hope you will have a truly unforgettable culinary experience in the heart of our beautiful island.
